ERIE TRAIN STONED.

Pelted By Small Boys in This City.

BOYS MAKE RAILROADS TROUBLE.

A Veteran Railroad Man's Talk on the Subject—Stone-Throwing an Incident of Spring Playing on Cars and Tossing Brakes.

When the Erie train was passing through the city on Monday night, a number of small boys were seen to throw stones at it.

On the same night, a train was seen to be pelted with stones as it passed through the city.

It is reported that the boys who were seen to throw stones at the train were from the city of Middletown.

The boys who were seen to throw stones at the train were from the city of Middletown.

TRADE IN BOB VEAL

Driven Out of the State by Stringent Laws.

NOW CENTERED AT QUARRYVILLE.

All the bobs from this section shipped and shipped from there—some shipments made from 1 p.m. to 5 p.m.

No More Calves Live.

It is a very scarce article in the market at this time, this spring, and dealers are practically there is no bob veal to be had at any price.

The explanation which gives rise to the scarcity of bob veal is that the legislation has passed by the last legislature has driven the trade in bobs, and incidentally in veal calves out of the State.

It is true that the bob veal trade of this section has been driven out of the State. It is now centered at Quarryville, a station on the Susquehanna and Western a few miles south of Frederick, and therefore a few miles from the State line and very heavy shipments are made from there.

Van Sickle's station is also a point from which some shipments are made, but the great bulk of the trade is centered at Quarryville.

Formerly, bobs were shipped from this section to the State line, and then to the market.

The only way to get bobs from this section to the market is to ship them to Quarryville, and then to the market.

The only way to get bobs from this section to the market is to ship them to Quarryville, and then to the market.

TWO MILK SYNDICATES.

Stories That Are Being Made to Control New York City's Milk Trade.

From the Bureau Independent.

Two syndicates are now at work on the milk business of New York city, and in the hope the farmers are more or less in the hands of the syndicates.

One is known as the "Kew-Forest" syndicate, of Liberty street, which is headed by Rudolph Kessel, who is attempting to underwrite the consolidation of a number of the large dealers, and has secured options on the business of many of the largest dealers.

We understand that most of these options expire about the 17th of March, and that the success or failure of the syndicate will be known.

The other syndicate is working in connection with the Five Milk Milk Association. The capitalists interested in the latter are said to be fully capable of swinging even greater undertakings, and are amply able to meet all the requirements of the committee representing the farmers' association.

The names of those most deeply interested as capitalists with the farmers have been withheld for good and sufficient reasons. Naturally much in connection with the proceedings have been kept secret. Many of the dealers claim that it cannot be done, yet several of these men have options in the hands of some of the syndicates. Many queer things happen in this world and this is one of them.

THE GOOD TEMPLARS.

Next Session of the County Lodge to Be Held in This City.

A special session of Orange County Lodge, No. 88, O. G. T. was held at Walden, Wednesday night, March 8th.

There were between sixty and seventy present, and a good enthusiastic meeting was enjoyed. Reports of lodges for the quarter ending February 1st indicated a loss while the work of the present quarter seemed more encouraging.

There was a spirited contest in the afternoon over the question of where the May session should be held. Newburgh and Litchfield, lodges of this city were both after it, and by a majority it was decided that the annual session should be held in this city May 18th.

Has secured a Good Position in New York.

Miss M. E. Kilton of Otterville, N. Y., finished her course at the Hamilton School of business and shorthand on February 28th and on March 4th took an examination at the Remington office in New York, writing with ease 120 words per minute, and reading back at about the same rate without error.

The following Monday morning she secured a very satisfactory position at a salary of \$10 per week with the Lone Star Steam Ship Line, 11 Broadway, New York.

The Universalist's supper.

A good square meal, a social time, a good company, all for 25 cents, were Wednesday evening, at the Assembly Rooms.

A TERRIFIC WIND STORM.

Nearly One Hundred Homes Blown Down and Other Damage Done.

BY ASSOCIATED PRESS.

OKLAHOMA CITY, March 11.—A terrific wind storm visited this place today. For half an hour it blew a perfect gale, while rain fell in sheets. Nearly 100 houses were blown down, the oil and gas pipes were damaged and nearly every smokestack in the town was blown down. A number of plate glass windows were smashed. The damage is estimated at \$50,000. No lives were lost.

Clairvoyance.

Comes from Dr. B. B. Gargle of Washita, I. T. He writes: "Four bottles of Electric Bitters have cured Mrs. Brewster of cerebral which had caused her great suffering for years. Terrible pains would break out on her head and face and the best doctors could give her no help, but her cure is complete and her health is perfect. This shows what thousands have proved—that Electric Bitters is the best blood purifier known. It is the supreme remedy for eczema, tetter, salt rheum, dropsy, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by J. J. Chambers, druggist, 57 North street, near post office. Guaranteed."

Little Braves.

Old time quarter box purgers are getting the field in whole battalions. Dr. Agnew's Liver Pills 10 cents a box are driving them out at all points. Because they act gently more effectively, never pain and are easy to take. Sick headache succumbs to one dose. Sold by J. E. Mills and McMonagle & Co.

AFAIRS AT MANILA.

Preparing for a General Advance of American Fires.

MOVEMENT WILL BE MADE SOON.

Philippines still making trouble—shelled at Calocan—last batch of Spanish soldiers have sailed for home on the Encarnacion.

BY ASSOCIATED PRESS.

MANILA, March 11, 3:15 p.m.—Extensive preparations are being made for a general advance of the American forces and the movement will probably take place soon. All is quiet, however, along the line.

At daylight the rebels were caught working in an embankment trench at Calocan and were killed by the battery. Desultory fighting also took place at San Pedro Macati. The United States cruiser Charleston has received the news of transport Buffalo of Pinaric. The batch of Spanish soldiers 885, excepting a few who are in hospitals embarked on board the transport Buenos Ayres today.

MISSING HENRIETTA WESCHLER.

Detectives Have a Clue to Her Whereabouts—Expected Home Today.

BY ASSOCIATED PRESS.

NEW YORK, March 11.—Detective Weschler confidently asserted, this morning, that his missing daughter, Henrietta, who disappeared last Wednesday afternoon and who had been feared kidnapped, would be found today and returned home.

Detectives who are working on a
